

The Middle

Building trust between parents, children,
and the community

LOADING

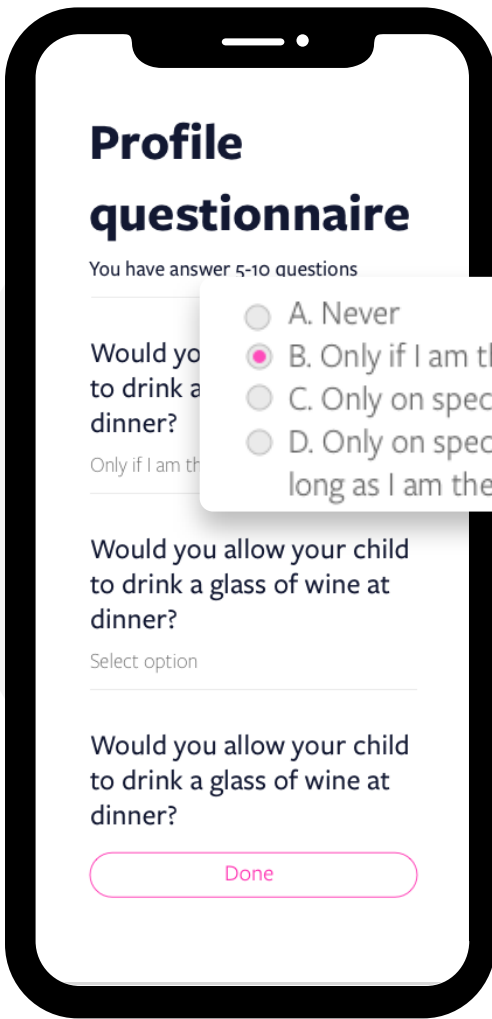

Connect with other parents

Easily connect with your children's friends parents by Requesting to connect with them.

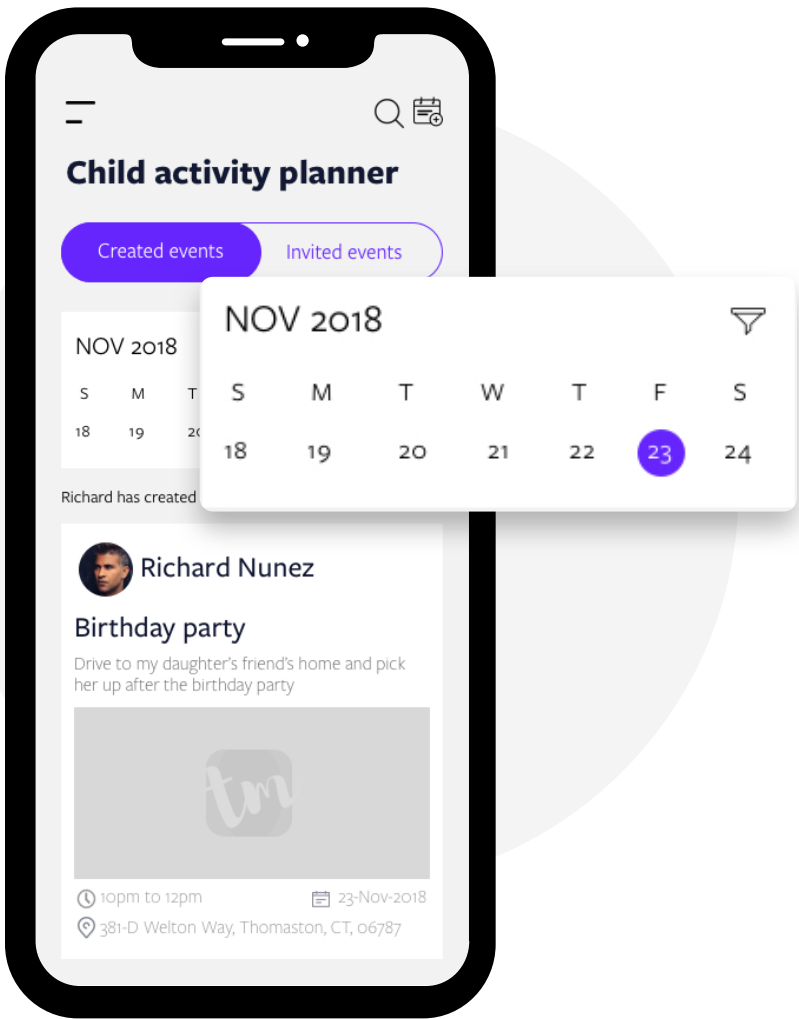

Profile Questions and Matching

When creating your account you will answer questions related to parenting techniques. You will be able to compare your answers with other parents and receive a profile match rate.

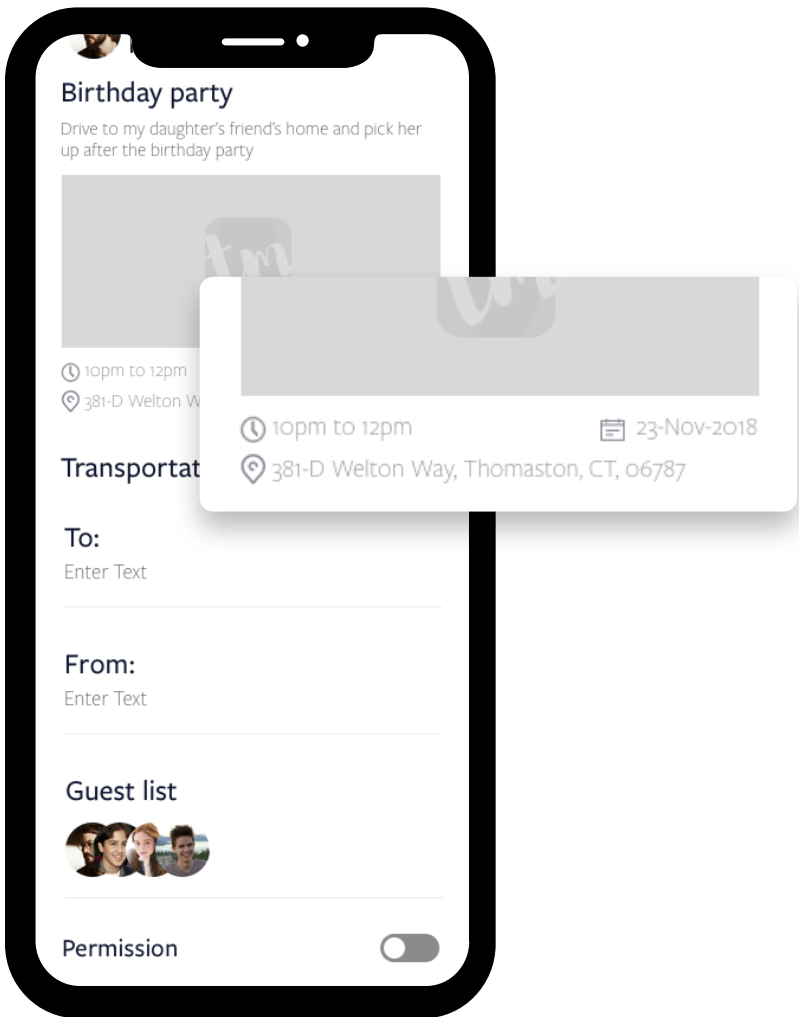

Activity Planner

The Activity Planner is a calendar feature where activities are created and updated by children and parents for easy reference.

Activity Details

Details of the activity will be visible to all parties.

Such as location and time. Parents will also be able to give permission for the child to attend or notify the group that they will not be attending
